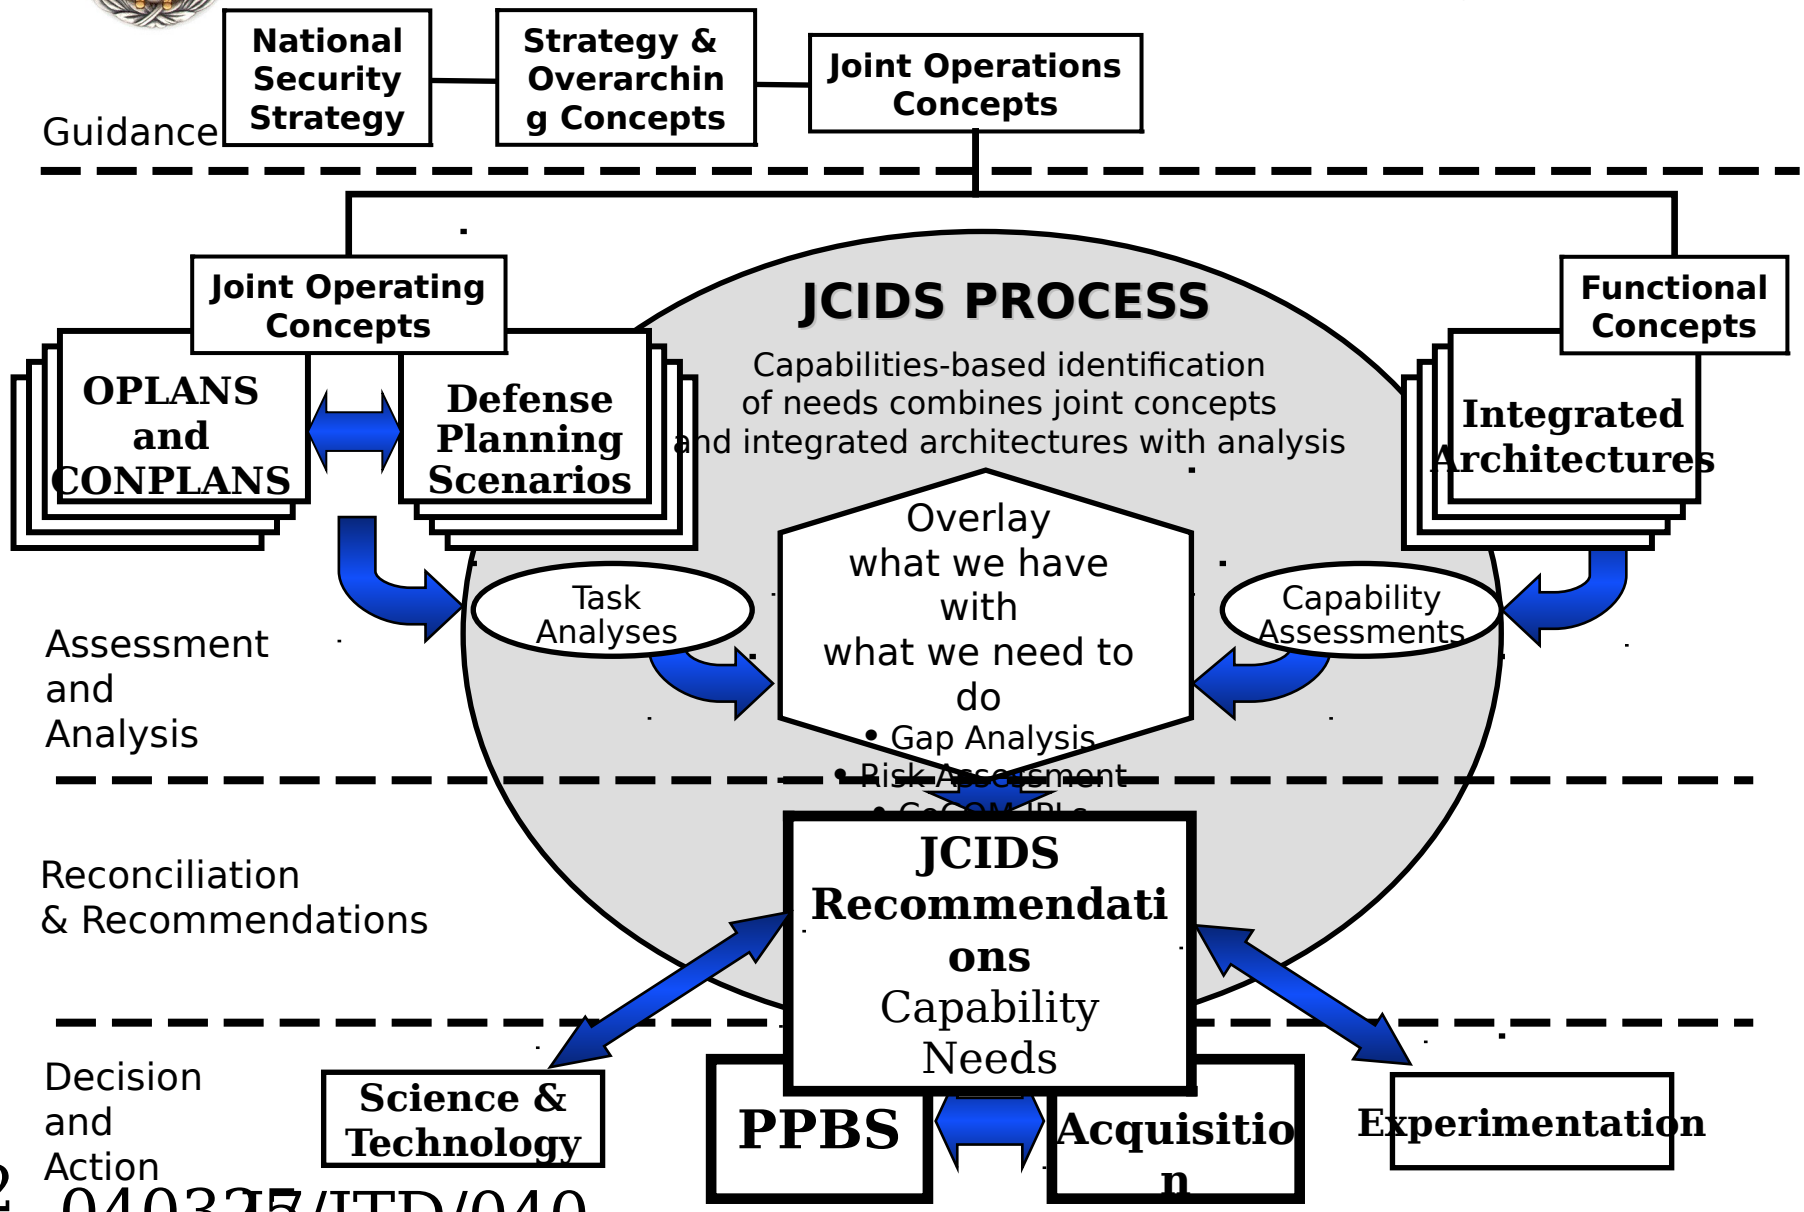
Top Down Capability Need Identification



Pros

- **Provided strategic direction**
- **Elevated thinking to joint level**
- **Created a yardstick for assessments, defined goodness**

Cons

- **Level of the JOCs**
- **Use of the JOCS**
- **Hierarchy of concepts**
- **Definitions**

Utility of FA FC (so far)

- **JICs**
  - **JUSS**
  - **JFEO**
- **JCIDS Assessments**

More details tomorrow

What's needed from our concept (next)

- **Link to JIC writers**
- **Link to experimentation**
- **Capabilities**

What's needed from theirs (JOCs, JICs, FCs)

- **JOCs**
  - **How do I use?**
- **JICs**
  - **Standardization**

Recommendations

- **Match concept hierarchy to the joint doctrine publications hierarchy**
- **More understanding of the ROMO and the relationship of individual elements of the ROMO to specific concepts.**
- **Start with a fixed set of guidance documents (MNS, SPG, etc.) and one document describing the future environment (e.g., the soon to be published Joint Operating Environment (JOE))**
